Version: 3.0.4

Release: 2018.02.12

Revision 1.0: 2018.02.12

Changes

Notifications

- **User notifications now have a default expiration of 30 days**

[Additional Information](#)

The notification expiration can be configured in the user preferences

Fixes

Monitoring

- **Monitoring notifications can get into a state where they are either delayed or duplicated**

[Additional Information](#)

This is an issue that was fixed in the Insight as well as the Ecessa live devices. In order to ensure your devices do not cause delayed or duplicated alerts please update to 10.7.3.
